### RYE THRESHED BY GEORGE NEIS

Geo. Neis was the first to commence threshing operations this season, when he threshed ten acres of fall rye on Saturday, August 23rd. A number of the neighbors were anxious to secure rye for planting this fall and George was on hand to supply the local demand, having sold the entire yield.

Mr. Neis expects the threshing season will be on in about three weeks time.

The weather has held fairly steady during the past week, and outside of the delay caused by a shower or two, haying operations have proceeded along in good shape. There is a big increase in growth during the past few weeks.

A number of binders are busy on the wheat cutting, while quite a few farmers are using the mower and rake to harvest their crop this year. The weeds seen to have made more progress than the grain in most cases, and the yield will be about 50 percent wheat. However, there is a field here and there where the yield will be good. A lot of barley has been placed under, and as in the case of the wheat, there are isolated fields that will give a fair return for the labor and expense of growing.

Oats appear to be holding their own and are ripening fast. Rye crop is average.

There has been no frost yet to do any damage.

### Ripley Appreciate Services

The Ripley congregation remained after the service on Sunday, Sept. 1st, and a number of the people expressed their appreciation of the services of Mr. Night and presented him with a purse.

The Ripley community deeply regrets this rift in the relationships which have extended over a pleasurable fourteen months. Mr. Night, by his fine personality, wonderful capacity for companionship and keen insight into the wells of human character, has endeared himself to his many friends in this district.

We are glad for the modern interpretations of the Scriptures which he has brought us; he did not ask us to imitate biblical lore because it was biblical, and threaten us with perdition if we refused to accept it, while his freedom from prejudice, orthodoxy and tradition leaves us grateful.

We expect to hear great things of Mr. Night in the near future, from a field where he will be dealing with young minds, instead of having to batter down the misinterpretations of the teachings of Jesus which have been accepted in the past.

We wish for Mr. and Mrs. Night a full measure of success in their new work, while we bid them what we hope is a temporary good-bye.—Con.

### Parish Meeting

A meeting of all members and adherents of St. Monica's Church, Mirror, is called for Tuesday evening, September 2nd, at 8 o'clock, in the library building. This parishioners' meeting is for the purpose of considering the question of whether or not the Parish of St. Monica will assume a share in the raising of monies, jointly with Alex. Bashaw and Co., to support a Rector. A full attendance is requested.

LOST.—On or about July 22nd, between Mirror and Brooks, a cardboard box, containing traveller's Hosiery samples and order book. A suitable reward will be paid for the return of these goods to the Alberta Provincial Police at Bashaw.

### BASEBALL RESULT STILL IN DOUBT

The "Little World's Series" between the Mirror team and the Edmonton Outlaws, being staged in the capital city for the past two weeks has about come to an end.

The standing in the series has been rather confusing for a day or so, as according to the press reports one team is leading one day and the other side the following day—Mirror having won a game, and the umpire calling differently the next day. It was pretty much of a muddle. However, judging from the latest reports, Mirror has won two games, a like number were drawn, and Edmonton were declared winners when they won a fourth game on Tuesday evening, the umpire awarding them the game when Mirror walked off the diamond as a protest against a base decision.

This last game has apparently been tossed into the discard and teams will battle some more this afternoon. If Edmonton win they are first at home, if the Mirrorites should kick through with a win, the purse will be split fifty-fifty.

FLASH—MIRROR WON.

### Pupils Returning To Studies

Mirror school re-opens on Tuesday morning, September 2nd, at 9 o'clock with Principal J. F. Baugh in charge. Miss E. L. Kathleen Ennis will teach the senior intermediate classes and Miss Helen Robbins, the junior intermediate, and Miss Gertrude Paquette will be the teacher in the primary room.

Quite a number of pupils are expected from North Mirror to attend the school this term, and the school will be open from 9 a.m. to 12 and 130 to 150 pupils.

Rural schools in the districts adjacent to Mirror have either opened or will open for the fall term as follows:

Ripley school opens September 2nd, Miss Mae Emerson, teacher.

Hickling school opened August 25th, Miss L. L. Irish, teacher.

Lakeland school opens September 2nd, Miss Frankie McDonald, teacher.

Gadsby school opens September 2nd, Miss Stone, of Alex. teacher.

George school commences on Tuesday, September 2nd, and it is expected there will be a male teacher in charge.

### Weddings

#### MEACROU—HIGGINS

## U. S. FLIERS ON LAST COURSE OF WORLD FLIGHT

Halifax, N.S.—Radio address here August 21 announced the safe arrival at Greenland of the American world encircling airmen, Lieutenants Smith and Nelson, ending their 22,000-mile tour from Iceland. The Italian flier, Luigi Locatelli, was not mentioned. The time of arrival was given as 10, the two machines landing almost together.

Washington—Officials remained on duty at both the war and navy department all night awaiting word from the American army world fliers, and as the time wore on, with no report being received, they prepared to continue their watch into the early hours of the morning.

Lack of any official message from, or concerning, the fliers was attributed to difficulties in communication such as frequently occur when the aviators were in Iceland.

## Believes U.S. Must Recognize Soviets

Third Party Evidence of Changing Thought Says Rakovsky

Moscow—Discussing the influence of the United States and the Anglo-Russian agreement embodying general and commercial treaties, Christian Rakovsky, the Russian Charge d'Affaires at London, who signed the treaty, said:

"America is at present the most conservative capitalist country. Under the mask of defending democratic principles, it protects the interests of the big American capitalists. America strives to place Europe under its economic guardianship, but Russia's social regime presents for the United States' capitalists the greatest obstacle in establishing their authority over the European and Asiatic continents."

In the opinion of M. Rakovsky, the United States will ultimately be compelled to recognize Soviet Russia, as he contends there are signs of big changes in the internal life of the United States. "It cites the appearance of the 'third party' as furnishing the best proof that America has been forced out of the medieval equilibrium which hitherto has served as a guarantee of her conservatism."

## Ottawa Knows Nothing Of Wainwright Oil

If Big Strike Were Made Department Would Be Advised

Toronto—A special dispatch from Ottawa says:

"The Interior Department has not received any word from its officials in the field, confirming the claim that British Petroleum Co. has struck a 500-barrel oil well at Wainwright, Alberta, in addition to the one reported last fall."

"Inquiry as the mines, Northwest Territories, and Dominion Lands branches failed to elicit any leads for the report. If such a strike had been made it is assumed that the department would be advised. It is known, however, that the company is boring."

## Prince Heavy Prize Winner

Saskatchewan Farmer Noun Him Close Race in Several Classes

Victoria, B.C.—Taking first prize in all in the northern classes, the Prince of Wales' entry from the E.P. Ranch was a heavy prize winner at the Victoria Fall Fair today.

George A. Arbuckle, of Lemberg, Sask., ran him a close race in several of the classes. The E.P. senior champion, junior champion, and grand champion bulls won more blue ribbons. The Saskatchewan entry beat the E.P. entry in the two-year-old bulls.

Canadian Song Writer Dies

Geoph. Ont.—A cablegram has been received here telling of the death in London, Eng., of Mrs. Laura Lenson Heath, who was accounted one of Canada's greatest song writers. As she was subject to cancer as typhoid fever, was submitted by Dr. H. B. C. Cushing, of Montreal, before the New Brunswick Medical Society here.

Laura Lenson was the daughter of the late Andrew Lenson, M.P., of Geoph. and Winnipeg, and widow of William Heath, of Winnipeg.

Oppose Continuing Exhibition London.—It has been learned that replies have now been received from all the Dominion except Newfoundland, unanimously opposing the suggested continuance of the Empire exhibition at Wembley in 1925. The Humane was urged mainly on the ground of the expense incurred in maintaining staffs and renewing exhibits.

## No Demonstration As French Troops Depart

Offenburg, Baden, Germany—Popular rejoicing over the departure of the French occupational troops from here, Appenweier and number of neighboring villages, finds more expression in the silent display of the German republican colors, which are flying from almost every house and public building in the places affected by the troop movement. The evacuation proceeded in an orderly fashion, the French avoiding every display of ostentation which might prove offensive to the German citizens who also refrained from demonstrations which might have nettled the departing forces. A large contingent of French civilians and their families followed in their wake.

## Prince Will Avoid Public Functions

Appreciated Privacy Attending Visit To Canada Last Year

London.—The Prince is anxious to reach his ranch as early as possible on his stay on Long Island, where he will witness the international polo matches between teams representing Great Britain and the United States, will positively be his only stop on his way to Alberta. What he may do on the return journey is as yet undecided, although it is certain he will avoid any public functions. Perhaps the Prince will stop over at Jasper Park, Alberta, and during the time he is holding at his ranch he will likely spend a weekend at Banff.

The Canadian Press has authority for stating that the Prince of Wales and his suite appreciated and were extremely gratified by the privacy which attended the visit of His Royal Highness to Canada last year, and the Prince is looking forward to similar privacy on his forthcoming visit.

"The Prince's ranch is a real retreat for him, and everybody he met, both in the vicinity of the ranch and in the city, was glad and considerate of him," declared the authorities.

## Jewel Robbery in Boston

Lost in Daylight Theft From Diamond Merchants Is \$150,000

Boston—Diamond and jewelry valued at about \$150,000 were stolen by a thief who broke into the store of Carl S. Shlinder, diamond merchant here. One man remained in the automobile, two covered the three clerks with revolvers, while the fourth picked up the jewelry cases which had just been removed from the safe.

The store had just opened for the day and the robbery was accomplished in less than five minutes. The robbers then jumped into the automobile and drove off through the cross streets of the southeast. A policeman who gave chase is another car lost them in the maze of streets.

## Gave Interesting Address

Prof. R. M. McIver of the University of Toronto, who delivered an interesting address on civilization and population at the British Association conference.

## SNOWDEN WARNS BRITAIN AGAINST TRADE MENACE

London.—While the echoes of the opinion raised by the successful conclusion of the London conference on the expert's reportations plan will reverberate throughout Europe, the stage is being set for a similar episode with Great Britain and France taking the first roles of economic rivals, fighting for commercial supremacy.

If any doubt remained as to Great Britain's policy regarding the Ruhr, it faded when the Manchester Guardian published an interview with Philip Snowden, Chancellor of the Exchequer, not only backing Mr. MacDonald in his protest over the prolongation of the French military venture in the Ruhr, but protesting against the proposed new commercial agreements between Germany and France. He warns British industrialists that France has designs upon the economic control of certain German industries, using political means to attain this object.

The proposed commercial agreement, Mr. Snowden declares, is one which by which the French intend to establish a monopoly over the petroleum, intend to advance their policy.

"I warn British commercial interests, especially the textile and iron trades, to be clear in this matter," says Mr. Snowden. "The draft of the commercial agreement shows that to Great Britain this is a trade menace of the most serious character."

## No Decision About Postal Strikers

Montreal.—No announcement will be made until September 1 of the post office department decision regarding complete re-establishment of postal employees who went on strike, and payment to them of the balance of the pay over and above the \$50 on which they returned. It was learned from Deputy Postmaster-General Gabor, who arrived in Montreal August 21.

## Perilous Trans-Atlantic Voyage

New York.—With Gibraltar as a destination. Dimitrios Sigolakis, a Cretan seaman, has embarked upon a perilous trans-Atlantic voyage in a 22-foot sail boat. His only motive in making his trip is to experience the thrill of achievement, he said.

## British Warships Reach Port Sudan

British Warships Reach Port Sudan

Khartoum, Egypt.—Several British warships have arrived at Port Sudan to aid the troops there in maintaining order.

Martial law is in effect following further disturbances in the district.

## Quake Kills Forty-One

London.—An earthquake near Osh, in the province of Semirechensk, Russian Turkestan, has caused the death of 41 persons in three villages and rendered 4,000 homeless, says a dispatch from Alajabad, India. More than 4,000 houses were destroyed.

## Quake Forest Fire Damage

Prize, Rupert, B.C.—Forest fires have burned over three square miles near Alice Arm, destroying one of the finest stands of timber in the district. The outbreak was reported under control. Every available man has been fighting the blaze for several days.

## Africa Will Not Exhibit Next Year

London.—Commenting on a report from Cape Town that the Government of South Africa had decided not to continue its exhibit at Wembley next year if the British Empire Exhibition is again in 1925, a South African authority in London says this is probably due to the fact that the South African Government is hard up and cannot afford to spend the money necessary to transport to a second year of the exhibition, South Africa not being in as good financial position as either Canada or Australia.

## Manufacturers Now Appeal To Board

Ask For Removal of Discrimination Due to Crown's New Rate

Toronto.—Application will be made by the Canadian Manufacturers' Association to the Board of Railway Commissioners for the removal of the undue discrimination which, it is claimed, is created by the establishment of a new rate for the railway.

The rate complained of became effective on July 1, when legislation authorizing the Board of Railway Commissioners to increase rates of freight was passed by the C.P.R. and C.N.R. The new rates, however, only from those points which were common to the C.P.R. and C.N.R. as published in the C.P.R. tariff. The situation created by the new tariffs, it is stated, has caused numerous complaints from all parts of Canada against the discrimination and discriminations of rate adjustments which will work considerable hardships against both shippers and receivers.

## Had Subterranean Farm

Montreal Signer Kept Pigs, Goats and Chickens In His Cellar

Montreal.—Signer Gillespie Maurel, Neapolitan landlord of an east end house in this city, is also the proprietor of a unique subterranean farm.

A delegation from the association of inhabitants of the farmyard took with them the original population comprised three pigs, two goats, four chickens, all of which were reared in the cellar by a large barrel, a pile of coal and a stack of wood.

Over the garages live Gillespie and his family, his wife and their nine children, the husband of one of the goats, and a newly arrived granddaughter.

These details were obtained at the inquiry into the fire which broke out in the Maurel household on August 16. The only casualties in the blaze were two goats, which succumbed to smoke.

## Mars Under Observation

Washington.—Phobos and Deimos, satellites of the planet Mars were observed by the great observatory here during the present month, when Mars will be closer to the earth than it has been for several years.

## Will Have Third Trial

Rev. Adolphe Delorme to Appear at September Sessions

Montreal.—According to La Presse, French language newspaper of this city, Rev. Adolphe Delorme, twice tried for the alleged murder of his half-brother, Raul, will come up for his third trial at the September sessions of the Court of King's Bench here. The paper says that R. L. Delorme will be the prosecutor, after this, and that the presiding judge at the trial will be Mr. Justice Demere, of the Superior Court. It adds that Delorme will be tried again in spite of the fact that he has recently been examined by alienists. The King's Bench will open September 10.

## Crops Damaged by Sawfly

Saskatoon.—Damage of \$5 to \$10 per cent, to wheat on the University of Saskatchewan farm has been caused by the saw fly, Professor May Champin stated, and reports of quite a few other districts have been received.

Professor Champin advised cutting wheat before it is quite ripe to stop the ravages of the pest.

## Hudson's Bay Ship Sale

Caught in Arctic Ice Pack Is Drifting Toward Northwest

Ottawa.—Failure of the Hudson's Bay ship, Lady Kildersley, to get through in Herschel Island will necessitate postponement of the establishment of a radio station there.

An order and two men of the Department of National Defense are at present stationed on Herschel Island and the schooner, the schooner, and equipment for the erection of a radio station there, which will be one of a chain of stations proposed in Northern Canada for military and commercial purposes. Even if the Lady Kildersley succeeded in reaching the island shortly, it would be too late in the season to commence construction.

Besides carrying supplies for Herschel Island, the Lady Kildersley carries food supplies and equipment for the Mounted Police posts and settlements at the mouth of the Mackenzie River. It is expected that when clear of the ice the boat will proceed to these posts with the supplies.

The radio station on Herschel Island, it is stated, will not return with the boat, but will come out overland when winter sets in.

The Lady Kildersley, believed to have been abandoned in the Arctic Ocean, is still safe and may be recovered in an ice-pack, and, with her crew on board, is drifting toward the northwest and possible escape from the ice, according to a wireless message received from the ship by C. M. French, district manager for the Hudson's Bay Company.

## To Consult Premier About H.B. Road Plan

Delegation Will Get Opinion on West Finishing Railway

Winnipeg.—A suggestion made some time ago by a former member of the Federal Cabinet that the Government of the prairie provinces should take over and operate the Hudson's Bay Railway, has been discussed with Premier Bracken, of Manitoba, and members of his cabinet by a delegation from the Hudson's Bay Association, but no definite plan was decided upon.

The plan would have to be acceptable to both the Federal and Provincial Governments, and it is stated that the views of the Saskatchewan and Alberta Premiers will be sought shortly. A delegation from the association's executive will interview them.

## GERMANY MAY PLACE A HEAVY TAX ON WHEAT

Winnipeg.—A report was received from London by the export branch of the Winnipeg grain trade, and corroborated in other official quarters, that the German Government had expressed its intention of introducing in the Reichstag a bill providing for the placing of a heavy import duty on wheat.

The particulars received indicate that the duty to be imposed will be 25 cents on wheat, 25 cents on wheat and 50 cents per barrel of flour.

Germany, it is learned, has a very excellent position crop this year, and the purpose of the import duty on wheat and flour is to make the people consume potatoes and potatoes, and other home products, and they were compelled to do during the war years. Further, it is explained this action has been taken to cut down the importation of foreign foodstuffs to the minimum, and at the same time, give encouragement to their own farmers in an effort to increase acreage and production.

A New York exporter, when queried respecting this new development in the broad grain situation of the world, stated that it would undoubtedly have a beneficial effect on prices.

The post, he declared, would in all probability cut down Germany's importations by 50 per cent to 75 per cent, and would have a beneficial effect on prices.

## British Government Assumes All Cost

Salings of Settlers Under New Agreement Begins Next Month

Ottawa.—The settlement in Canada of 2,000 British families to be selected by the Dominion is provided for in a new immigration agreement which has been concluded between Hon. James Robb, minister of immigration, and the British government.

The agreement the British government provides all money for equipment and travel expenses of the immigrants, and a half and five million dollars, the settlers to repay the amount expended over a period of 25 years.

The execution of the immigration department of Canada consists in directing the settling of these immigrants in any province they select, but it is assumed that the majority will choose to settle in the northwest. Administration of the scheme over here will be in the hands of the immigration department.

Statistics of the immigrants under the new agreement, which is regarded as an excellent one here, will bring some time next month.

## PARIS SESSION WAS SUSPENDED BY COMMUNISTS

Paris.—The Draves reputation plan and the steps taken at the London conference to make the latter more overshadowed by violent Communist demonstrations in the Chamber of Deputies and the Senate, read a long declaration embodying the government's case and asking the approval of the legislature.

The Communists monopolized the debate and man-overlaid in such a fashion that the entire afternoon was devoted to their motion for an adjournment until the Senate votes the Amnesty Bill.

Not a word about discussion of the London Dawes conference was heard. The Premier was spared much of this violence during the hour he was to read his statement, but before and after his address the chamber was a noisy scene and the session had to be suspended in order to restore quiet.

The Premier was applauded when he said that the French government plan which was based on co-operation and when he emphasized the importance of arbitration, he was interrupted by the Communists shouting "Down with war!" and "Long live peace!" These interruptions were frequent and the Premier's statement gave him reading chances when he told the method which had been adopted by the French government in Germany was in default. This method, he said, was entirely in accordance with the Treaty of Versailles.

## Government Stores Not Money Makers

Revenue From Hard Liquor Sales Is Alberta Light, Says Official

Edmonton.—Alcateras official has the hard sell, according to an official statement issued from the Alberta Commissioner R. G. Manning. The breweries and the hotels, selling best by the use of the Alberta law, are reaping the harvest, while the government liquor stores are cutting their share. The government stores are not to be the money makers which they would be, in fact, to those who thought that liquor profit would be a means of quick return, and that the government's investment will be kept, if the financial records of the first three months are any criterion of what the year's profits will be.

Commissioner Manning admits that the business in the government stores is not a success after the first few weeks, when the novelty of the new experience had worn off.

"We have reduced the stocks of the stores," he said, "but the result is that any of the stores are to be closed in the near future is not correct."

To all the friends who have so kindly and willingly helped in the upbuilding of Christ's Kingdom, I convey my hearty thanks, and only hope that each of us may see the tremendous possibilities of such a World Dominion. "For I am persuaded that neither death, nor life, nor angels, nor principalities, nor powers, nor things present, nor things to come, nor height, nor depth, nor any other creature, shall be able to separate us from the love of God, which is in Christ Jesus our Lord."—Romans 8:38-9.

In Jesus' name,

A. E. Might.

## Mirror and the District

Days are growing noticeably shorter.

Miss Gertrude Panucker is visiting with friends in Camrose.

Mrs. A. R. Hopkins and daughter, Muriel, are visiting in Edmonton.

Miss Helen Tilley is spending the week with Miss Dorothy Darlow, at Alia.

Miss Esther Albrecht, of Edmonton, is visiting with Mr. and Mrs. Carl McCormack.

Mr. and Mrs. J. R. Symons and family were Edmonton visitors last week, returning Monday.

James Brindle has returned from an enjoyable holiday spent at Vancouver, Chilliwack, and other points in B.C.

C. T. Cabana, of Big Valley, and Mr. and Mrs. T. Johnson, daughter, of Alliance, were Sunday visitors with Mr. and Mrs. F. Whiting.

Misses Hazel and Jenn Minkley, who have been spending the vacation with their aunt, Mrs. G. K. Tilley, left for their home in Edmonton on Tuesday.

LADIES! Don't fail to see the Demonstration of Sewing Machine (New) Attachment "Bridal's Guide" and "Dancer" at H. W. Panucker store, Mirror, on Friday and Saturday, August 29th and 30th. 36-2

Rev. A. A. Adams, of Edmonton, who has been visiting with friends at Tees, Oliver, Alia, Gudeley Lake and Rumbout, returned home on Saturday last. While at Teeshe conducted the funeral service of the late Archie Haynes.

Mrs. A. C. Godard left today (Wednesday) for a two weeks visit with her mother, Mrs. A. E. Darrough, at Medicine Hat. Mrs. Darrough had the misfortune to fall and break her right hip about a month ago, but is making a good recovery.

Mr. and Mrs. Luther Sharp, of the George district, received a great surprise last Monday evening, when about 60 friends and neighbors met a mile north of their farm, and then proceeded in a body to the home where they joined in wishing Mr. Sharp many happy returns of his forty-third birthday. Their expressions of good will took tangible form and he was presented with a gold watch. G. D. Atkin, of Bashaw, making the presentation with a short speech. Mr. Sharp was the most surprised man in the company, but responded suitably for the kind wishes and gift. The evening was pleasantly spent in games, and an extra fine supper was provided by the guests attending.

Dr. MacLennan is home again after his trip to Eastern Canada, returning on Monday.

Miss Dorothy Heffel, of Alliance, was the guest of Miss Gertrude Panucker for several days this week.

Miss Anna Fair, of Edmonton, is a visitor for a couple of weeks with Mr. and Mrs. G. P. Puffer, Lakehead district.

Mr. and Mrs. Douglas McNair and daughter returned on Tuesday from their motor trip over the Banff-Windermere highway.

Mr. and Mrs. Carson Williams and the former's brother, Earl Williams, of Tees, were Sunday visitors with Mr. and Mrs. H. W. Panucker.

NOTICE—Commencing September 1st, next, and until further notice, bread will be retailed by the undersigned at 9 loaves for \$1.00. JAYNES BAKERY, Mirror. 36-2

Mr. and Mrs. W. C. McCormack left on Monday afternoon for an extended motor trip to the Eastern States, and it is probable, that before returning to Mirror, their journey will take them as far as Florida.

G. J. Estell and L. L. Cassidy were busy on Wednesday and Thursday of last week, working on the revising of a school assessment on buildings, stock, etc. In some cases the amount was placed at a higher figure, while the valuation on certain properties was lowered, as compared with the assessment of the previous year. A number of new buildings were also placed on the list, and the total increase over last year is placed at approximately \$30,000.

The members of the school board will sit as a committee on Wednesday, October 8th.

Mr. and Mrs. Albert E. Might and daughter left on Tuesday afternoon by motor, for their new home at Bon Accord, where Mr. Might has been engaged a principal of the school at that point. Mr. and Mrs. Might have resided in Mirror for over a year, and made many friends during that time, who sincerely regret their departure. As pastor of the Mirror Union Church, and the rural points, Hickling, Lakehead and Ripley, Mr. Might was an indefatigable worker. He was also keenly interested in the young people of the church and did much to promote sociability and athletics as well as other branches of their work.

Mr. Might has decided to leave the ministry and has gone back to his old vocation of teaching. The best wishes of their many friends for their future success, go with them.

Doubtless many of the young men who came to Canada this year from Great Britain and Europe to take up agricultural work will be tempted to leave their farm employment this fall and seek employment elsewhere. They will probably find their way to the large centres in expectation of picking up work. We would suggest that every man who has a farm job in Western Canada today should stick to it, or secure an engagement with some other farmer in the district, where he is now located at the present moment. There is nothing in sight that would indicate that there will be any demand for labor that the usual local supply will not be able to fill, consequently farm hands to be left up berths on the chance of getting some other work are very likely to be disappointed, and will spend what money they have saved this summer in running from place to place seeking jobs. In view of this possibility, they will be well advised to endeavor to arrange with their present employers or some other farmer in the neighborhood for the winter months; thus, they will be able to add

to their summer's savings and gain further valuable experience. Not a few farmers have engaged their help for the year and with the increase in mixed farming everywhere, this practice is becoming more common than it was formerly. Wages and other things being right, it is said the farmers are finding such an arrangement advantageous.

### The Charge of the Bobbed Brigade

Bobbed hair to the right of us, Bobbed hair to the left of us, Bobbed hair behind us,  
Tresses aumdered,  
Some with a heavy crop,  
Some with a light crop,  
Into the barber shop.  
Walked six hundred.

Women of high degree,  
Women passively-thrives,  
Determined that they should be  
One of the numbered.

Girls not in their teens,  
Girls now just sweet sixteen,  
Girls who that age have on  
Joined the six hundred.

Women of every class,  
Sweetheart, sister, joined the mass  
Of the bobbed hair throng.

Clerk, stenographer, belle girl,  
Waiter, maid and office girl,  
All have been caught in the swirl,  
No longer wear hair longer.

Some with bangs and some without,  
Some are shingled round about,  
Some in curls and some in doubt,  
In case they may have blundered.

Some of them do look real swell,  
Some of them do look like—well  
It's sometimes not just well to tell  
The bobbed hair hundred.
